

HOW ARE YOU GOING TO PROGRESS?

Strategy to Results. CAMELOT Management Consultants is the globally leading consulting specialist for value chain management in the process, consumer product goods and manufacturing industries. As a specialist we stand for leading-edge expertise, innovative concepts and solutions as well as for superior project quality and results.

Young Professional (f/m/d) Data Science

Information is a crucial and vital resource that cutting-edge organizations heavily rely on in order to achieve business objectives like growth, innovation and differentiation. In our consulting projects, we take into consideration all relevant processes, organizational structures, information technology as well as the human factor to ensure sustainable success for our clients. In this endeavor data science – especially machine learning – based approaches allow us to realize innovative solutions.

What's your future business?

- ▶ Support, development and implementation of strategies, analyses of processes as well as creating concepts and action plans for international companies
- ▶ Conception and realization of new data science based consulting services for Enterprise Information Management and Master Data Management
- ▶ Realization of machine learning based solutions: Model definition, training, evaluation, visualization and optimization
- ▶ Building up and maintaining cooperation with external partners such as universities
- ▶ Location: Mannheim, Cologne, Munich

Who are you?

- ▶ You have completed a business-related course of study, and/or are a graduate with at least first relevant experience
- ▶ Desire to combine data science and business consulting and ability to translate business objectives into actionable analyses
- ▶ Analytical skills and strong client focus as well as a keen interest in teamwork
- ▶ Python/R programming skills and first experience in developing machine learning models
- ▶ First experience in generating insights from complex data structures using data mining tools
- ▶ Familiar with SQL/NoSQL databases, knowledge in e.g. SAP ERP, MDM/MDG or BI is a plus
- ▶ Outstanding communication and presentation skills in German and English

What do we believe in?

Innovation by collaboration – this is our mission. Consultancy is people business and knowledge is key. That is why we value our employees as much as our clients. Together, we develop skills mutually matching our visions and ideas by constantly learning, growing and innovating. CAMELOT colleagues take responsibility from the moment they join us. Entrepreneurial attitude is as important to us as strong teamwork, knowledge sharing and corporate social responsibility. Read more on www.camelot-mc.com/careers.
