

Digital Demand - D2

Internship Position – Data Analyst

Madrid, 2019

We are Digital Demand – D2, a young Big Data company that provides analytic insights and intelligence about Countries, Regions and Cities in the areas of Tourism, Investment, Export, Talent and National Prominence. We are currently seeking to recruit an intern to join our office in Madrid, Spain, as a **Data Analyst Intern**.

If you love numbers and are hardworking, committed and highly motivated, contact us!

Internship Position	Earliest Internship Starting Date	Duration
Data Analyst	Immediate	3-6 months

1. Job Description

The main role of the Data Analyst Intern is to help and support the Project Managers in internal and external (clients) projects. The tasks may include:

- a) Development of new internal projects and the improvement of existing projects.
- b) Gathering, collecting, analysing, and reporting different types of data.
- c) Conducting research, which will include consulting external sources, elaborating surveys, reviewing publications and browsing the Internet for data sources and information.
- d) Creating PowerPoint presentations and reports
- e) Intense processing of Excel figures
- f) Quality control of big data analyses.

2. Requirements

- a) Fluent in speaking, reading and writing in English.
- b) Bachelor or Master in Economics, Business, Engineering, Business Intelligence, Big Data Analytics and Computer Science.
- c) Strong analytical and problem-solving skills, with a proven ability to meet deadlines and give attention to detail.
- d) A good working knowledge of Microsoft Office and especially an excellent level in Excel.

3. Desired Skills from you

- a) Entrepreneurial mindset to approach projects and tasks.
- b) Ability to take initiative and proactive approach.
- c) Accountability, enthusiasm, and numerical thinking.
- d) Knowledge of SQL, VBA Macros or other programming languages are not necessary but will be considered as an advantage.

4. Formal Requirements

- a) The general requirement for all interns is to have a university-internship agreement with Digital Demand – D2 (Agreement provided by your university or any internship program such as Erasmus+).
- b) Valid health insurance coverage for the entire duration of the internship.
- c) Own laptop with Microsoft office programs (Excel, Word, PowerPoint).
- d) Minimum duration of internship is 3 months.

5. What we offer

- a) Personal development - we provide a chance for our trainees to face a real challenge so the internship is not about making coffee or copies of documents. Interns work in the back office of projects and are given a lot of responsibility.
- b) We give the opportunity to experience work in an open minded company, in multicultural environment, with international clients.
- c) Each intern gets a reference letter signed by the Managing director, describing the tasks, achievements, and final grade, which will be extremely valuable for job and university applications.

6. How to apply

Send an email to **hr@d2digitaldemand.com** with a **CV** and **Cover Letter** attached.

7. About Digital Demand - D2

Digital Demand – D2© is a Big Data company that provides analytic insights and intelligence about Countries, Regions and Cities.

Our proprietary software reveals the appeal by gathering all searches performed on a global level towards Countries, Regions and Cities. Every year, we publish the Digital Country and Digital City Indexes which measure the interest and performance of countries and cities in the areas of Tourism, Investment, Export, Talent and National Prominence.

The World Economic Forum includes Digital Demand - D2© data in their Travel and Tourism Competitiveness Index 2017 edition as a source to assess global touristic appeal.

Since 2014, the Digital Demand- D2© tool has been used by over 20 organizations.
