

How to find accommodation in Madrid or Barcelona?

First thing! Start searching early enough, you have to consider that:

- If you are an international student, you will need about two months to find accommodation
- If you are an Spanish student, with about three weeks is enough

Starting the search... you have 3 options:

1. Search for accommodation in a dormitory
2. Search a room or an apartment through search engines or online estate agents
3. Through the accommodation contacts from EAE Business School

If you decide to live in a dormitory...

There are several dormitories where you can find a single or shared room. According to the residence, you can have individual toilet, kitchen and living room own or shared, as well as other complementary services. Prices depend on these criteria.

If you want to rent a room or an apartment through the accommodation contacts from EAE Business School ...

Send an Email to alumnomad@eae.es if your destination is Madrid or to alumnobcn@eae.es if you want to live in Barcelona and we will be happy to help you

Another option! HABITAT GEJOVE

- This is an organization created by leading universities of Barcelona, together with the Generalitat of Catalonia and Barcelona City Council, with the aim of support international students who come to Barcelona. Information and advice, rooms in shared flats, stay with a family from Barcelona, dormitories and college campus, etc...

TEL: 933 23 90 68

And if you want to go directly to your destination city and find accommodation once you're there, be sure to do it about **three weeks in advance** of the beginning of the course!

IMPORTANT!! We recommend not giving money to agencies or people who say that they won't charge you for property management rights, and then they sell you rent listings that do not exist.

And we remind you that in the bulletin boards of both campus you can find accommodation offers!

And if, meanwhile, you have nowhere to stay, here we give some hotels and hostels ...
